

Leefist Handcare Electrical Glove - Class 2

Live Working Insulating Gloves

Leefist Handcare Class 2 gloves are engineered from high-grade natural latex to provide superior dielectric protection for professionals working in high-risk electrical environments. They offer an essential layer of safety without compromising dexterity or comfort.

Key Features & Benefits

- ****Superior Dielectric Protection:**** Ensures safety for live working conditions up to 17,000V AC.
- ****Voltage Specific Safety:**** Certified for max 17,000V AC use and proof tested at 20,000V AC.
- ****Ergonomic Design:**** Reduces hand fatigue during prolonged use.
- ****Internationally Certified:**** Meets and exceeds key international safety standards.

Technical Specifications

Class:	2
Max Use Voltage (AC):	17,000V
Proof Test Voltage (AC):	20,000V
Material:	Natural Latex
Available Lengths:	360mm, 410mm, 460mm
Cuff Style:	Straight / Roll Cuff
Color:	Red / Yellow
Sizes:	7 - 12

Performance & Certifications

IS:13774

IEC:60903

EN:60903

Primary Applications

- Power Production & Distribution
- Industrial Electrical Maintenance
- Hybrid Powertrain Servicing
- Utility and Powerline Work
